MANIFESTO

I, **Anoosha Seelam(150070055)** , if elected for the post of **Technical Councilor, Hostel 10**, propose to create and maintain a strong tech culture in Hostel 10 by doing the following:

INITIATIVES:
❏ Procuring necessary equipment and components for the hostel Tech Room to ensure that any hostel resident in need of resources and a place to tinker will feel free to use the Tech Room for projects and other tech activities.
❏ Conducting Hostel Tech Weekend comprising of fun filled technical workshops, competitions, movie screening and discussions
❏ Conduct some events related to the academic courses like ee101 or cs101.
❏ To conduct Technical exhibition to provide a platform for Tech enthu to showcase their projects and share their knowledge with hostelites.
❏ Tech Register will be maintained so that hostelites can make an entry to issue Techroom keys or components.Tech room repository will also be available in the register.They can claim for a component which is not there in Tech room if they need.
❏ Coordinating with Hobby Clubs of Institute Technical Council to conduct workshops, events and competitions at H10 with open participation from all hostels.

HOSTEL PARTICIPATION :
❏ Maintain a database of students and their expertise in the various fields of tech.
❏ Encourage new entrants to the hostel to participate in technical activities and represent the hostel at institute level; organize fundae sessions with senior students to introduce newcomers to the tech culture at H10.

GENERAL CHAMPIONSHIPS:
❏ Would conduct intra general championships to make the hostel inmates aware the level of the competitions and also to qualify participants for the final general championships.
❏ Will make sure awareness regarding the competition would be done well before hand to avoid clashes among the participant's commitments.
❏ Will attend all the technical meets so that GCs problem statement is made in favour of our hostel.
❏ Problem statements of present and previous years, Rules and Point Structure of each GCs would be shared to the participants via the hostel website, google and facebook groups.
❏ Meetings would be conducted to ideate upon the problem statements of the championship.
❏ Will make sure a mix of Undergraduates and Postgraduates would represent the hostel for the competitions.
❏ The result of each GC would be promptly shared with the hostelites.
❏ For all GCs, documentation will be prepared to keep a track of the previous mistakes.

HOSTEL EVENTS:

❏ 'How things work?' events would be conducted where one just can open up things and observe themselves in order to increase the interest of hostelites in Tech.
❏ Feedback will be taken from hostelites after every event.
❏ Come up with interesting events and take a Poll among hostelites to conduct which workshops/ talks among a list of given topics or of their choice depending upon their interest and need and also for a favourable time for conducting the workshops/ talks.
❏ Feedback will be taken from hostelites if they need something that Technical Council to come up with.

TECH ROOM:
❏ Procure necessary components for the tech room and reorganize the equipments in tech room based upon various categories such as mechanical, electrical, soldering equipments, stationery etc.
❏ A key of the tech room will be provided to the security and hostelites can issue it by making entry in a Tech register.
❏ A CC camera will be fixed in Tech room to ensure not taking away any component.
❏ Safety and working condition of various technical components will be ensured. Fine will be imposed on anyone who would be responsible for any damage of anything.
❏ Poll would be taken among hostelites to ensure which components and equipments they want to be available in the tech room.
❏ Chairs,Wi-fi router will be added to make Techroom more convenient for tech enthusiasts to work.

TECH NOTICE BOARD:
❏ A tentative monthly calendar will be put up containing all the upcoming events of the month.
❏ Events, talks, sessions conducted by Institute Technical Council and other hostel tech councils will be well publicized.
❏ The names of the participating and winning hostelites in the tech events would be displayed to give the due recognition.
❏ Interesting technical articles will be put up.

CREDENTIALS:
❏ Technical Secretary,Hostel 10 (Aug'2016 - April'2017).
❏ Represented Hostel 10 in the chain reaction GC,microscope GC,Astro GC conducted by STAB.
❏ Participated in XLR8 and RC plane technical competitions conducted by STAB.
❏ Institute Technical Summer Project based on arduino.
